Let's build Rome in a day
They king talled the tart
Come roll your dice and play
Let's change history la la la
So cheers gentlemen
Next time it'll be the stars

Kalashnikov comrades are calling from the grave
Coca Cola Cowboys and now we know what to say

Hello, hurray! We are the great
We are the soldiers of the human rase
Hello, hurray! We are the great
We are the soldiers of the human rase

The east US in west USSR
The world looks better
From the bulletproof cars
Will the new they need
It's just like in the movies
Accept that is for free

Kalashnikov comrades are calling from the grave
Coca Cola Cowboys and now we know what to say

Hello, hurray! We are the great
We are the soldiers of the human rase
Hello, hurray! We are the great
We are the soldiers of the human rase
We know it's best for you

We're dancing on your rations
With our leather boths
Giving you protection
Ripping of your root
Don't play the hero
There's nothing you can do
An empire will rise
Of media and of you

Hello, hurray! We are the great

We are the soldiers of the human rase
Hello, hurray! We are the great
We are the soldiers of the human rase
We know it's best for you
