A hundred days had made me older since the last time
that I saw your pretty face
A thousand lights had made me colder and
I don't think I can look at this the same
But all the miles had separate
They disappeared now when I'm dreaming of your
face

I'm here without you baby but your still on my lonely
mind
I think about you baby and I dream about you all the
time
I'm here without you baby but your still with me in my
dreams
And tonight it's only you and me

The miles just keep rolling as the people either way to
say hello
I hear this life is overrated but I hope it gets better as
we go

I'm here without you baby but your still on my lonely
mind
I think about you baby and I dream about you all the
time
I'm here without you baby but your still with me in my
dreams
And tonight girl it's only you and me

Everything I know, and anywhere I go
it gets hard but it won't take away my love
And when the last one falls, when it's all said and
done
it get hard but it won't take away my love

I'm here without you baby but your still on my lonely
mind
I think about you baby and I dream about you all the
time
I'm here without you baby but your still with me in my
dreams
And tonight girl it's only you and me

Iâ€™m here without you baby but your still on my lonely
mind
I think about you baby and I dream about you all the
time
Iâ€™m here without you baby but your still with me in my
dreams
but tonight girl itâ€™s only you and me
