Above
We travel
A sound
Finds your ear
It tells things
Not of the ever after
You designed

Aether I

Bring this soul
Show them now
Warning they did not heed
Aether I
Bring this loss
Show who is left
Let them choose

Below
Is far and away
A sound
Finds your ear
It tells things
Of the destruction
You have created

Aether I

Bring this soul
Show them now
Warning they did not heed
Aether I
Bring this loss
Show who is left
Let them choose

The soft glow Of your delicate earth Greets my return My eyes could melt Blackened are they now Above Shall all we travel
