Once I was still
Now through years
Of abrogation
I have stirred
Your waves of pain
Have crested
Upon my shell

In this hovel
My tears have filled
The pressure builds
These walls shall break

And the moon
Now cracks in half
I emerge
My tears rain to the earth
My expanse
Now haunts the sky
My heart
Shatters on your earth

Once I slumbered
Now through years
Of deracination
I am legion
Your waves of death
Have crested
Upon my shell

In my hovel
A rage has built
The pressures rise
These walls now break

And the moon
Has torn in half
I emerge
My tears drown the earth
My expanse
Now haunts the sky
My reign

Has begun on this earth

Shivering
I step upon your ground
All watch

Quivering
I wrap my arms around your earth
All gasp

Stammering
I pull my tears back to the sky
All fall

Glowing
I crush the world below
All perish

Forgive us all for this
