Shattered  
Beneath my form  
You lay  
With stretching limbs  
You cry

My shadow  
Eclipses the land  
Killing the sun  
Illuminating your failure

My howl  
Circles this earth  
Shames you  
Forever  
Writhing in pain  
You will be

I am your  
Destructor  
The one that watched you  
Crash to the ground  
I am your  
Inflictor  
Grinning when you  
Twist with pain

Crumbled  
Upon this world  
You are now  
With struggling limbs  
You cry

My terror  
Envelops the land  
Lifting your rule  
Uncovering your failure

My wrath  
Has circled this earth  
Destroyed you  
Forever

Regreting what could have been  
You will be

I am your  
Opressor  
A thing you blame for the  
Crown on the king  
I am your  
Deciever  
A montrous form  
Holding on to your hand  
I am your  
Demagog  
Forging the way  
To a life of lies  
I am your  
Protector  
Ridding this world  
Of all deemed less

Here I stand  
Taller than your sky  
Earth trembled

Forever after  
Here I stand  
Tyrannis  
Atop the decimation  
Look to the sky  
I bend my mass  
Down through the clouds  
To show you my face

All mouths agape  
When I reveal

Their face is mine
