I was created to destroy you
Your time is near
When you least expect it.
Dying times is here!
I'll find you at a party
You're drinking your beer
I'll crawl up behind you
And chew of your ear!!
You stare at me cause your boyfriend's a goon!
You don't understand!
I'm in disguise, you can't recongnize
The green slime on your hand
I thrive to KILL, you assholes
I want all you fuckers dead!

When you go cruising for bables
I'll explode inside your head!
You say it's just a nightmare...
Some bad dream you've had
But when you see me slaughtering your pals,
You'll run screaming to your dad!!
You numbers will diminish
Hear my carnivorous squeals!
I'm disgusting, I'm cute, and I'm cuddly
Your doom is sealed!!!!!!
