One of these days you'll fuck this bitch  
One of these days you'll suck this dick  
The sperm that kills will infest your soul  
Your dick will rot in her encrusted hole.  
Who's fuckin' who? I gotta know  
Before I go in search of a hole  
Who's fuckin' who? I gotta be sure  
Cause I don't want that disease of yours.

One of these days if you don't watch out  
The jizz of death will infect yourmouth  
You'll lose lotsa weight and look real sick  
Just because of your antsy dick.
