Legions of fury  
Open fire  
Demonic hatred  
Infernal desire  
Crushing, fucking, killing, destroying  
Comes the necro genocidal wrath  
Tearing wings off angels  
Beheading the holy son  
Blasphemies profoundly piercing  
Through the heart  
Daemonic hordes march grim and proud  
Weilding high bloodied blades  
Unveil the kommand to slay and kill  
Kill for kommand!  
Hordes of god, you've fought to die  
Arranging corpses upon my altar  
Unhallowed offering to exalted one

Descending blasphemous deliverance, in the sign of  
the aftermath...  
The conquering  
Hell's bestial warfare

I am the beast, that revolves round your soul  
Every creation and man must die  
Heavenly realms crushed by fire and stone  
Armed and ready to launch the attack  
Writhing angels wingless they fall  
I grimly smile slaying one by one  
Summoned wardaemons deliver all blows  
Devouring all in sight and around

Christfuckingchrist  
Damnation rides burning shadows  
We invert your hordes and crush your feeble  
Christfuckingchrist  
Hordes of god, you'll only die  
Arranging corpses upon my altar, an eternal offering  
To exalted one...  
Abominate, eternal war and hate  
A vision so twisted and uncontrolled  
Into a reality, my legions fight

End now... this fucking cunt who lied and envisioned a  
promised hell  
We drink his blood and stand, invincible  
Tyrants of death  
The end  
Your dead lord was a whore
