Upon the altar you are the figure expressing
The domain of the powerful
Behind the altar you are five points
And the magic inverted star
You are the essence of the dark nature
You are Baphomet
And I invoke you
I invoke you because you are nature and life
Ave... Baphomet Ave

I am in the Temple
And my body is a Temple
I invoke the She-Goat of the thousand adolescents
I invoke the She-Goat of mendes
I invoke Goats, She-Goats and Snakes
If I invoke all from the Pit
I invoke you
Ave... Baphomet Ave
