The disseminator of blasphememes  
Cruelly upon the miserable who follow Christ  
Creatures invade the world  
Preaching lust  
The world is now of satanas

Satanas consecrate the star of five spikes  
Always on the inverted position  
The chalice contained blood  
The host was black

Hail the sign of the black goat

Hail the favourite of the lord

Oh Satan  
Oh disseminator we want to preach your true world  
Get over the impostors of the Nazarene cruch  
Invocation of the world of horrors

Hail the sign of the black goat  
Hail the favourite of the lord  
Hail!!!
