See, Normally a brotha wouldn't talka bout' his first time,
But, I'll just be real with yall, and say what's on my mind.
I remember like yesterday, just a little man,
Had no clue it's just like, and understand.
Looked up to big bro for a lil' advice,
He said, Young bro whatever you do, make sure you strap twice.
I was all nervous about it, me and my first time,
But i said what the hell this is is too damn fine!

My Very First Time..
In the house, on the couch, in your parents bed room(remember)
My Very First Time..
I can't till' the day that I see you again(remember)
My Very First Time..
It was just as special to me as it was to you, girl.
My Very First Time..
Ill never forget,
My First Time

See, it was Sunday afternoon,
Moms and pops were gone.
We had to be on the low,
'cause they were on their way home.
We started kissin' and landed strait to the bed,
I can't beleive this happened, so I'm thinking in my head.
Lasted like a minute, but will stay in life forever,
We almost got caught, but I'm just to damn clever.
My parents came home from church and I was almost at a drop of a dime,
Man, I will never forget my first time!

(This goes out to the first and you know who you are,)
(I will see you again)
See you again
(No matter how old we both get no regrets, so never
forget)
My First Time!

My Very First Time..
In the house, on the couch, in your parents bed
room(remember)
My Very First Time..
I can't till' the day that I see you again(remember)
My Very First Time..
It was just as special to me as it was to you, girl.
My Very First Time..
Ill never forget,
My First Time

See, some of you might of started early,
Some of you might of started late.
But, i know when i started, it was great.
This goes out to all my little brothers in the world,
Make sure your first time is with that special girl.

Clap your hands if you remember,
Your First Time (Your First Time)
Your First Time (Your First Time)
Clap your hands if you remember,
Your First Time (Your First Time)
Your First Time, Baby!

In the house, on the couch, in your parents bed
room(remember)
My Very First Time..
I can't till' the day that I see you again(remember)
My Very First Time..
It was just as special to me as it was to you, girl.
My Very First Time..
Ill never forget,
My First Time

In the house, on the couch, in your parents bed
room(remember)
My Very First Time..
I can't till' the day that I see you again(remember)
My Very First Time..
It was just as special to me as it was to you, girl.
My Very First Time..
Ill never forget,
My First Time

I'll never forget

Ill never forget,
My First Time
