

## Imx "Every Time"

Visit "[Every Time](#)" on MotoLyrics.com

Yeah, have you ever been with a girl?  
That you did wrong  
And then she knew that you did wrong  
And then she go with somebody else  
So now you're mad  
Listen up

Every time I close my eyes I see you  
And I know what I'm supposed to do  
Leave her alone, get back with you  
(Yeah, come on)

My love is strong hold on to me  
What I did was wrong she think of me  
A friendly conversation left misery, yeah  
I'm so gullible that I need you back here with me  
(Girl he needs you back)

*[1]* - Every time I close my eyes I see you  
It used to be my girl but now you're his boo  
And I know what I'm supposed to do  
Leave her alone and get back with you  
There's no other girl in this world for me  
To spend my life with, there's no need to fight  
I feel the chances opening up  
To get back in, in with you  
Not being like the other guy  
Setting the trend, and making our love win

*[Repeat 1]*

I want your head back on my pillow  
It's a breezy night sitting on the apple tree  
Thinking of you and me, my baby love  
I hope you're wearing the other half of my heart  
I gave to you on Valentine's Day  
I need you here with me, yeah, yeah, yeah, yeah

*[Repeat 1 till end]*

Every time I close my eyes I see you
