Hey now ladies guess who's back, LDB Romeo and Bat
For the 99 it's Phat stack, yo, Ra Ra about to rip the
track

You took my heart and ran with it, why you so damn
scandalous?

I found a chick who could handle this, bye, bye love
'Cause I'm through with this

Oh my God what'd I do? I'm caught up in your game
with you

My best friend's girl what a shame why did you play
these silly games?

Try to put the blame on me, I always knew you were a
freak

I seen you looking right away girl you've got a bomb
body

I should have seen it coming when you stepped to me
You're like my sis never thought it would be
But there was something that you did
When you looked at me

That made me wanna get a little bit freaky
Then I started thinking about my boy, he said
"What would he do if he knew?
His homie was creeping with you"

Keep it on the low, we never should have did it
Yo girl, my best friend he can never know
Get up and get your stuff girl, you must go, keep it on
the low

We never should have did it yo girl, my best friend
He can never know, oh, oh, oh

Oh no, can't talk to you take it to the source what I can
not do
Gotta stop, cause every night all of this stuff ain't worth
the fight
My homie comes first that's how it goes can't keep
dealing
With you silly hoes, buying your stuff and playing the
role

Baby, I don't need you, no, no

I should have seen it coming when you stepped to me
You're like my sis never thought it would be
But there was something that you did
When you looked at me

That made me wanna get a little bit freaky
Then I started thinking about my boy, he said
"What would he do if he knew?
His homie was creeping with you"

Keep it on the low, we never should have did it
Yo girl, my best friend he can never know
Get up and get your stuff girl, you must go, keep it on
the low
We never should have did it yo girl, my best friend
He can never know, oh, oh, oh

Isn't that your curiosity, doesn't mean a thing to me
As I reach for the sky there's no need for me to lie
'Cause my love for him is strong
I must hold on

Immature come on dance with me
Romeo, Batman, LDB
Everybody come on dance with me
Yeah, come on, come on, dance with me

Can't forget Chris B-Z
Everybody in the house dance with me
Everybody in the house dance with me
Come on, come on, come on, come on

Keep it on the low, we never should have did it
Yo girl, my best friend he can never know
Get up and get your stuff girl, you must go, keep it on
the low
We never should have did it yo girl, my best friend
He can never know, oh, oh, oh

Keep it on the low, we never should have did it
Yo girl, my best friend he can never know
Get up and get your stuff girl, you must go, keep it on
the low
We never should have did it yo girl, my best friend
He can never know, oh, oh, oh

Keep it on the low, we never should have did it
Yo girl, my best friend he can never know
Get up and get your stuff girl, you must go, keep it on

the low
We never should have did it yo girl, my best friend
He can never know, oh, oh, oh
