right! now ha, ha
i am an antichrist
i am an anarchist
don't know what i want
bit i know how to get it
i wanna destroy the passerby
'cause
i wanna be anarchy
no dogs body
anarchy for the u.k.
it's coming sometime and maybe
i give a wrong time stop a traffic line
your future dream is a shopping scheme
'cause
i wanna be anarchy
in the city
how many ways to get what you want
i use the best
i use the rest
i use the enemy
i use anarchy
'cause
i wanna be anarchy
it's the only way to be
is this the m.p.l.a. or
is this the u.d.a. or
is this the i.r.a.
i thought it was the u.k.
or just another country
another council tenancy
i wanna be anarchy
i wanna be anarchy
oh what a name
and i wanna be an anarchist
get pissed
destroy!
