"Bone Driven"

We're just a wish away
27th letter
Much maligned
Beat me clever

Say you will
Never mind
Open up
Open wide

Bone driven
Bone driven
See, we're taking all the life

To all pollutants
Shave your face
We're all confusion
We're all the rage

Isolate
Crowd it out
All that's left
Inside out

Heaven knows
Who walks away
Heaven knows
Who walks, walks

Bone driven
Bone driven
See, we're taking all the life

Bone driven
Bone driven
See, we're taking all the life

I was wrong and I will wait
I was wrong and I will wait
I was wrong and I will I will
I will wait

Thousand, a thousand lamps
Won't lift the dark
Rest of our lives
Might have already passed

Bone driven
Bone driven
See, we're taking all the life

Bone driven
Bone driven
See, we're taking all the life
See, we're taking all the life
