Turn it inside out so I can see
The part of you thats drifting over me
When I wake you're, you're never there
When I sleep you're, you're everywhere

Just tell me how I got this far
Just tell me why you're here and who you are
'Cause everytime I look, you're never there
And everytime I sleep, you're always there

Chorus

'Cause your everywhere to me
And when I close my eyes its you I see
You're everything I know that makes me believe
I'm not alone
I'm not alone

I recognize the way you make me feel
It's hard to think you might not be real
Since now the water's getting deep
I try to wash the pain away from me
Away from me

Chorus

I am not alone
Ohhh woah ooohh wee ooohh

Wanna touch your hand
Say I understand
The beauty is within
It's now that we begin
You always light my way
There never comes a day
No matter where I go
I always feel you so

Chorus

'Cause you're everywhere to me
And when I catch my breath

It's you I breathe
You're everything I know
That makes me believe
I'm not alone

You're everyone I see
So tell me
Do you see me
