"Float"

it's a beautiful world
everyone's insane
either you swim
either you fade

it's a revolution time
we're sleepin' at the wheel
apocalypse child
in a nuclear field

we wanna change the world
but not what holds us back
i wanna be for you
and i never have

all of this time
i'm just tryin' to reach you
through the rain traffic
as we float into space
your wide eyes
hide your face
as we float inbetween
i am with you
if you bleed

we back up to the waves
this is the truth of days (!?!)
when i am with you

i feel a little brave

the madness and the wars
the circles that we run
confusion is in for (!?!)
what we have become

all of this time
i was just trying to reach you
through the rain traffic
as we float into space
your wide eyes
hide your face

as we float inbetween
i'd die with you
if you bleed
as we float

as we float into space
your wide eyes
hide your face
as we float inbetween
i'd die with you
if you bleed

as we float
i'd die with you
i'd die with you
i'd die with you
