Devo cover)

She sings from somewhere you can't see

She sits in the top of a greenhouse tree

She sends out an aroma of unrefined love

It drips on down in a mist from above

She's just the girl

She's just the girl

The girl you want

You hear her calling everywhere you turn

You know you're headed for the pleasure burn

But the words get stuck on the tip of your tongue

She's the real thing, but you knew it all along

She's just the girl

She's just the girl

The girl you want

Look at you with your mouth watering

Look at you with your mind spinning

Why don't we just admit it's all over

She's just the girl you want

She's just the girl

She's just the girl

The girl you want
