Alice Cooper cover)

Hey bro, take it slow

You ain't livin' in a video

You're flying low with a high velocity

No doubt, you're stressin' out

That ain't what rock n' roll's about

Tet off that one way trip down lonely street

Now i know you've been kicked around

You ain't alone in this ugly town

You stick a needle in your arm

You bite the dust, you buy the farm

Hey, hey, hey, hey, hey stupid

Ehat ya tryin' to do

Hey, hey, hey, hey, hey stupid

They win you lose

Hey, hey, hey, hey, hey stupid

C'mon girl, it's a better day

Get your foot out of that grave

Don't let that one love tear your world apart

C'mon babe, kick that stuff

Show the street it ain't so tough

Quit lyin' around with a crippled, broken heart

Now i know you've been seeing red

Don't put a pistol to your head

Sometimes your answer's heaven sent

Your way is so damn permanent

This ain't your daddy talkin'

You know, i know

Your story ain't so shocking

You know, y know

Blow some steam

C'mon and scream
