"I Believe In You"

I tried to reach you so many times
I climb a wall so I know you're safe and on the inside, I
You could be my friend, you could hold it down
And when you're underground, I'll pull you back out
I want you to know I believe in you
I believe in you
I'm afraid of Babylon and I'm afraid of how we go
wrong
I'm afraid of a memory, I'm afraid of what you do to me
I'm afraid of police lights and I'm afraid of night fights
And I'm afraid of the enemy, I'm afraid of you and me
You have forgiveness but I have none
I store it up, it's sorta cold, you can be sure of my
revenge
You could right my wrongs and when I'm at my worst
You come inside and make me human
I want you to know I believe in you
I believe in you
I'm afraid of Babylon and I'm afraid of how we go
wrong
I'm afraid of a memory, I'm afraid of what you do to me
I'm afraid of police lights and I'm afraid of night fights
I'm afraid of the enemy, I'm afraid of you and me
I'm afraid, I'm afraid
I'm afraid of Babylon, I'm afraid of how we go wrong
I'm afraid of a memory and I'm afraid of what you do to
me
I believe in you, I believe in you
