Strange zoo, strange blaze. Douse my head in
flames. Coming through
gotta get some. Happiness is a bad son. Forceps,
kitchen tools.
Deconstruct, your every move. Feel better when you're
here. Guillotine
just got here. Back bend, back break please yourself to
make it rate.
Live it all on your own cost, so many just got
lost. Leaning for fire,
leaning to fire, leaning to fire. Here's tomorrow man,
best of my ability.
Chasing what I can, here's tomorrow man. Instinct, bare
boned light it
up, take it home. You will be all things, you'll get what
you bring. Leaning
to fire, leaning to fire, leaning to fire. Here's tomorrow
man. Best of my
ability. Chasing watercans, here's tomorrow man. Best of
my civility with
our own tongue. Here's tomorrow man.
