Open wide before me  
The gates to everlasting chaos  
Make me see and hear how to  
Consume the world in absolute darkness

I seek the truth the vengeance in my heart  
The flame which burns for wisdom awakened  
A wild untamed hatred to rise for powers  
To rise for the coming of chaos

I despise the weak and the blind masses  
Who are but sheeps  
At the altar of madness and total freedom  
I will unlock the gates to it all

By blood I sacrifice  
With discipline I conquer  
By blood I sacrifice  
With strength I rule  
A new dawn

Let the flames of the black abyss burn the heart of the  
earth  
Let there be chaos let there be a new dawn at last  
Let the flames of the black abyss burn the heart of the  
earth  
Let there be chaos let there be a new dawn at last

I seek the truth the vengeance in my heart  
The flame which burns for wisdom awakened  
A wild untamed hatred to rise for powers  
To rise for the coming of chaos
