

In Aeternum "Ultimate Extermination"

Visit "[Ultimate Extermination](#)" on MotoLyrics.com

Open your eyes for the fall of mankind
No forgiveness no turning back
In a world of chaos spawned

The day to seal your fate is here
No deliverance only pure death awaits

Time to strike
Kill, kill, kill, kill the Nazarene
Wrathful extirpation
Kill, kill, kill, kill the human kind
No fucking forgiveness
Kill, kill, kill, kill in front of their eyes

Ultimate extermination
Ultimate extermination

Open your eyes for the fall of mankind
No forgiveness no turning back
