Land of the sunrise  
Dew and mist subside  
Shadows fade to show  
Calm scene meant to blow  
Roar of threat is heard  
Fills the air inert  
Bird of prey in clouds  
Hunting souls to shroud  
Await the reaper  
Call the gravedigger  
Flick of scythe been paid  
Bomber has just laid

Green man's war brought the dark  
Treated us as underdogs  
Answer bullets with a bark

Chaos over the sprawl  
Warfucks cause our downfall  
Armageddon is near  
We will all disappear

Possessed by chaos  
Metal strikes we're lost  
Deaf flood blinding all  
Realm of dying calls  
No face left in sight  
Vengeful appetite  
Feed upon our grief  
Cherish life you steal  
Final battle has begun  
For the sake of salvation  
Humans never stand as one

Chaos over the sprawl  
Warfucks cause our downfall  
Armageddon is near  
We will all disappear

Smell of burning skin  
Bodies peeling sins  
Strident sound arrays

Moves this death ballet

Evil's now been sown  
Shattered faces shown  
Retreat to the lair  
Guilty cowards fare

Chaos over the sprawl  
Warfucks cause our downfall  
Armageddon is near  
We will all disappear
