Oh conscience that weeps inside of me
Will never forget, tonight
I'm finding it hard, so hard to breathe
That I can't forget, tonight

I don't want to wait anymore than you do
Take it all apart, making it on your own
How do I escape everyone that I lose?
Separated heart, decorating my soul

And here am I undone before my fathers grave
Imperfect as I am, I suddenly feel safe
But what would he have said
And what have I become?
I want to be like him
A better son

I don't want to wait anymore than you do
Take it all apart, making it on your own
How do I escape everyone that I lose?
Separated heart, decorating my soul
Whooooaaaa ooh whoooooaaa ooh

If shadows will cover us against the walls this time,
Will shadows cover everything, resolve everything?
No, not a lot at all
If she knows that this is where I want to go
Well then I want this right now
I really want this right now

I don't want to wait anymore than you do
Take it all apart, making it on your own
How do I escape everyone that I lose?
Separated heart, decorating my soul
