"The Ultimate Measure Of A Man"

Where do you stand?

"the ultimate measure of a man is not where he stands
in moments of comfort

But where he stands (but where he stands)

In moments of challenge and controversy"

Is this worth dying for?

When it comes down - down to it

Actions speak louder than any words

You don't have to prove your integrity

You only have to prove yourself to yourself

He already knows where you stand

Where do you stand?

Where is your allegiance?

"if a man has not discovered something he will die for
he's not fit to live"
