You messing up my mind, the flesh is really weak  
I gotta put you down it's you I wanna beat  
You're spinning me around, I hear you in the air  
There's so many sounds, your voice is really clear

Here we are alone just you and me once again  
You're suffering, I know your playin', don't pretend  
'Cause it's on me I know that you do depend  
And I can bring your pain to an end

I don't want your pain  
Gotta get away  
I don't want to stay, but you keep calling me, oh  
Damn it, I'm in need, someone, help me please  
I got to put you down it's you I need to beat

You used to be a friend of mine a time  
You used to be a friend of mine a time

Verse 2

Look at you, I know that you are feeling my pull  
You're breaking down and damn, you're so pitiful  
'Cause you need me more than I need you  
You can't escape, 'cause we're not through

I don't want your pain  
Gotta get away  
I don't want to stay, but you keep calling me, oh  
Damn it, I'm in need, someone help me please  
I gotta put you down it's you I need to beat

You used to be a friend of mine a time  
You used to be a friend of mine a time  
You used to be a friend of mine a time  
You used to be a friend of mine a time

Every night I spend alone I yearn for you  
Gave up everything just for the things you do  
Oh no, not another day, oh no, it's time for this to end

You messing up my mind the flesh is really weak

I gotta put you down it's you I wanna beat  
You're spinning me around I hear you in the air  
There's so many sounds your voice is really clear

You used to be a friend of mine a time  
You used to be a friend of mine a time  
You used to be a friend of mine a time  
You used to be a friend of mine a time
