You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

I was at 233rd and White Plains  
Me and my boy, we was riding the train  
I saw you, whoa  
You were with (Ronnie) and (Bobbie) and (Mike)  
Are those the type of guys that you like?  
I know you feel me  
Cuz what you want they'll never be  
You'll never find, no

You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

I heard he's payin' your bills  
(Tell me can he give you those thrills)  
My love is better  
He'll never measure  
You'll look far and hard and wide  
You'll never find a love like mine  
I know you heard me  
Cuz what you want he'll never be, yeah

You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

I saw you (And him)  
Fighting in the rain  
(I saw you fighting in the rain)  
He can't do you like I do  
Do you wish things were the same  
(I know you wish things were the same)

I saw you (And him)  
Fighting in the rain  
(I saw you fighting in the rain)  
He can't do you like I do  
Do you wish things were the same  
(I know you wish things were the same)

You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)

(Oh eee oh, oh)  
You will never find another love like mine  
You will never find another love like mine  
(Oh eee oh, oh)  
You will never find another love to make you come  
And when it's done  
You'll never find another love like mine  
(repeat)  
(You will never find another lover like (Mine)  
You will never find another lover like (Mine)  
You will never find another love to make you come  
And when it's done  
You'll never find another lover like (Mine)
