I know, I know your name

I know, I know what you do

I can't sleep any more, I can't eat

I am obsessed by your looks

I know, I know how you feel

I know, I know when you lie

Through the key-hole I will enter

To bite your soul

My spirits are above you

You can save me, with a kiss

: Kiss me

kiss me

Kiss me, only once :

I know, I know how you sleep

I know, I know how you walk

You make my liquids boil

I creep on all fours, to you

I know, I know how you smell

I know, I know when you make love

Through the walls I am going to enter

To sleep inside you

My spirits are above you

You can save me, with a kiss

: kiss me... :
