

In Fear And Faith "Counselor"

Visit "[Counselor](#)" on MotoLyrics.com

It's time to make your mark.

Now listen up, I'm not your counselor.
I'm not your father who held you back
When you were ready to move on.

My life is based on someone else's lie.
I am no role model.

I alone found a way inside.
Leave it alone so you save your pride.
I know what is hidden in your eyes.
It's terrible knowing how to take your soul.

I hope that when you're dreaming
You see me and you're screaming.

Now go tell everyone you know
I'm not quite finished yet.

And you know you're breathing the first sighs of a
lonely life.
How do you sleep at night?
How do you sleep at night knowing that I'm coming for
you?
This time It's only right to teach you a lesson.
One day you'll wake up to find me waiting.

I alone found a way inside.
Leave it alone so you save your pride.
I know what is hidden in your eyes.
It's terrible knowing how to take your soul.

I alone found a way inside. Leave it alone so you save
your pride.
