[Oh my God, somethings gone terribly wrong, and I
can't find a way]
Can someone...
[My heart is racing faster]
Save us from...
[We've tried so hard and lost control]
Of everything we've loved and owned!
So this beautiful dream has become a never ending
nightmare.
A stranger haunts us in our sleep.
We're terrified, we're terrified.
You're the only one who knows this.
[You're the only one]
And I hope you die with this on your lips!
[On your lips. Oh my God, somethings gone terribly
wrong. And I can't find a way]

Can't someone...
[My heart is racing faster]
Save us from...
[We've tried so hard and lost control]
Of everything we've loved and owned.
This is a disaster and I can't get past her.
I'm breathing and I can't feel a thing.
I need a cure for this disease.
And holding back won't change a thing.
Your words aren't enough, I need to see more.
Lay down the sword, and she'd the armor!
You're the only one who knows this.
And I hope you die with this on your lips!
[Your lips, die with this on your lips]
