Just so you know if it were up to me I would be living the  
high life  
But for now I'm taking steps in the wrong direction just  
to get by  
So take it or leave it

This ones for you, you know who you are  
Please leave well enough alone  
Just because I'm not smiling doesn't mean I'm about to  
go  
Don't pick me up I'm fine right where I am

I'm going to leave this town tonight  
And fall asleep til the sun rise  
Cause I got to change my life  
What did this to you?  
I don't need to be told twice  
I'd be willing to give my life just to say goodbye  
What did this to you?

Please leave well enough alone  
Just because I'm not smiling doesn't mean I'm about to  
go  
Don't pick me up I'm fine right where I am

So many things could have made me this way I don't  
regret a single day  
This is what I was made for, was made for, was made  
for!

Just like you did before me I will follow sound  
I plan on being everything you were to what are you  
I know you didn't live long I cannot promise I will to  
I'm saying everything I can as a tribute!

I'm going to leave this town tonight  
And fall asleep til the sun rise  
Cause I've got to change my life  
What did this to you?  
I don't need to be told twice  
I'd be willing to give my life just to say goodbye  
What did this to you?

You made me who I am today  
I remember the first time I heard you it changed my  
life!
