Your memories are faint and fail you now
So just rest your eyes and heal tonight

Cos I'll be back and I will sneak you out
On your feet instead of wheels
No confusion of what's real, yeah

We'll throw the chains away
And no I don't know how it feels (how it feels)
But I feel it here in a way, way
And no I don't know how it feels (how it feels)
But I feel it here in a way, way

(Way)
(We'll throw the chains away)
And no I don't know how it feels (how it feels)
But I feel it here in a way, way
And no I don't know how it feels (how it feels)
But I feel it here in a way, way

Does your life flash
Restore a broken mind
Does your life flash
Before your eyes, before your eyes

Your memories are faint and fail you now
So just rest your eyes and heal tonight
(Tonight)

And no I don't know how it feels (how it feels)
But I feel it here in a way, way
And no I don't know how it feels (how it feels)
But I feel it here in a way, way
Here in a way, yeah
Here in a way, yeah
