I hear over every whisper
And write them down
With steady hands
It's feeling colder this September
And I've heard enough to understand...

And it's so deeply set,
Into my insides
And I'll take
To death this with me...

Well, I shadow in the shade
Like fashion, I
Silhouette in your eyes
But only in your eyes...
Well, I shadow in the shade
Like fashion, I
Silhouette in your eyes
But only in your eyes...

Before and afters
Could never matter
If our minds made up from the start
But you keep pushing
Test my temper
Hung all your problems on my heart...

And it's so deeply set,
Into my insides
And I'll take
To death this with me...

I shadow in the shade
Like fashion, I
Silhouette in your eyes
But only in your eyes...
