I took my search to outer-space,  
For this world can't contain you.  
Perhaps I never saw her face.  
Help me out.  
Vivid images of you,  
Softly out of focus.  
Roll the cameras, watch for cue...  
Wait... now.

Don't kiss her lips,  
Shoot from the hips,  
Just like on DVD,  
Hope I can kiss and tell,  
Hot from the start,  
'Cause you tore me apart,  
The innocence in me,  
I think we sweated out...

But I know you just act this out,  
Baby, if I had you now,  
We'd be burning up,  
Shaking in my hands,  
Breath in sync as part of me,  
Hours fall like autumn leaves...  
Till morning comes...  
Till morning comes...

I took my pencil to the page,  
Tried to sell the story...  
But every moment I replay,  
Hurts me now...  
'Cause someone I could never see...  
Really caring for me,  
Is something lost I wanna keep...  
Is gone... now.

But I know you just act this out,  
Baby, if I had you now,  
We'd be burning up,  
Shaking in my hands,  
Breath in sync as part of me,  
Hours fall like autumn leaves...

Till morning comes,  
Till morning comes,

But when the camera's off...  
She lusts for fault...  
'Cause it feels so real...  
When the camera's off...  
She lusts for fault...  
'Cause it feels so real...

And I hate that I let you down,  
How'd I ever do without...  
I guess that I thought you'd understand...  
So one day you'll remember me,  
Remember nothing else but me,  
And come undone, ('Cause it feels so real...)  
We come undone, ('Cause it feels so real...)
