"All For Me"

Until the world ceases to move, that burning feeling, let
me go
This is real

Always one more thing, I clench my hands and bang
my head
Take whatever comes to you, all the while, I don't need
another friend
I burn when I do the things I do for you
Forever, the night, it's all for me now, I'm sure that one
day
I can get you... All that you lost

I never told, blessed is the sick in me, I'm dying alone
We stand to fight for nothing
Without a thought, without a reason, it will never be
okay
A growing pain, it's hard to say what brought the
darkest burden
For some of us there's an answer
Chains are breaking, I won't let this build up inside me
There's a storm coming, But I'll serve no more
...Till my last breath
