Could be a new day
Fear in me so deep
You push me out, I feel far

The absence, close to me
The otherside, I crawl
You push me out, I fall

Heal my wounds with everything
Away you complicate me
Sick of cycles, drop to zero

A while just like last times
My least favourite re-run
Sick of cycles, I bounce in grey

Escape familiar home
Memories remains alone
Reality trapped inside
The wicked descend

Testing higher mentality
I conquer myself through this
A furious path to walk

New space exists beyond
In silence I dwell, pleased
Remain with the seed of unfulfilment

Heal my wounds with everything
Away you complicate me
Sick of cycles, drop to zero

A while just like last times
My least favourite re-run
Sick of cycles, I bounce in grey

Escape familiar home
Memories remains alone
Reality trapped inside
The wicked, oh, descend
I hide

If I was a double shaker away
You closely judge mine
Sick of cycles, drop to zero

A while just like last times
My least favourite re-run
Sick of cycles, I bounce in grey

Escape familiar home
Memories remains alone
Reality trapped inside
The wicked descend
And I die

Escape familiar home
Memories remains alone
Reality trapped inside
The wicked descend
I die
