I run this world alone
A song stuck in my mind
Are you feeling alright?
Don't mind if you ask me once

Discover me like emptiness
A defense for a broken heart
Still offers a smile to the world betrayed

Always close to the drop
Disappear with yesterday
Cure this dream that makes me fall

Blame me, escape me
It was you who walked away
Tie me for my sake
To the dream that haunts you

Could never stand the middle
Want to go far and further
But something drags me down
Shapes me, forms me into dillusion

Always close to the drop
Disappear with yesterday
Cure this dream that makes me fall

Blame me, escape me
It was you who walked away
Tie me for my sake
To the dream that haunts you

As I bank other options
Make this picture distant
Signing off, leave me alone
I blur you into the never

Always close to the drop
Disappear with yesterday
Cure this dream that makes me fall

Blame me, escape me

It was you who walked away
Tie me for my sake
To the dream that haunts you
