"Fear Is The Weakness"

At least you could have tried,
It is way past time and we're scattering ashes,
You take everything in sight.
Please hear me now,
You, you are leaving me with scars!

Fear is the weakness in all of us.
It's sad to see you go,
It's not meant to be easy,
But you drag us down.
Burden of the Evidence Grows..

The same road for far too long...
As it meant to be, we are losing identity.
Faith has been denied,
Let's not pretend,
Is this the first time, we just don't belong?

One world, do you perceive?
All turned cold, and no one cares for anyone.
Waiting for the final blow,

Do you have strength at all?

One more day, then we fade away...

Fear is the weakness in all of us.
It's sad to see you go.
As I meant to be easy,
But you drag us down.
Burden of the Evidence Grows..

The same road for far too long...
As it meant to be, we are losing identity.
Fate has been denied,
Let's not pretend.
Is this the first time, we just don't belong?

(The same road for far too long...)
As it's meant to be, we are losing identity.
Faith has been denied,
Let's not pretend.

Is this the first time, we just don't... belong.
