I used to adore you
The lies made sense somehow
Gave myself away without a fight
But betrayal claims its price

At first I was scared
Not used to murders mind
But there was something beautiful
So powerful, different, so divine

Pushing the faith
Build on our rage

Falling ideals
Broken seals
March to the shore
You are a killer

Is it something that's always been there
What's the distance in this cage?
Oh, I'm glad we [Incomprehensible]
I love to release the rage

But everything has its end
I've done my deed
The final bullet was always meant for me

Pushing the faith
Build on our rage

Falling ideals
Broken seals
March to the shore
You are a killer

But everything has its end
I've done my deed
The final bullet, always meant for me

Falling ideals
Broken seals
March to the shore

You are a killer

Falling ideals

Broken seals

March to the shore

You are a killer
