I used to adore you
The lies made sense somehow
Gave myself away without a fight
But the betrayal craved its price

At first I was scared
Not used to a murders mind
But there was something beautiful
So powerful, so definite, so divine

Pushing the faith
Build out of rage

Falling ideals
Broken seals
March to the shore
You are a killer!

Is it something that's always been there
Was it destined to leave its cage?
Oh, I'm glad we met though,
I love to release the rage

But everything has its end
I've done my deed
The final bullet was always meant for me!

Pushing the faith
Build out of rage

Falling ideals
Broken seals
March to the shore
You are a killer!

But everything has its end
I've done my deed
The final bullet was always meant for me!

Falling ideals
Broken seals

March to the shore
You are a killer! (2x)
