We used to be original
But now I tremble in fear
I am like everyone else
Alabary spell

Is this how it feels to reach black bottom
Want to know how it feels to be forgotten

I become the distance
I am the sober and irrelevant
I don't feel but in this
What is there to believe?

I'm not asking for much
Just a moment
A chance to pick up the pieces
Happiness please come home

What if it ends right here
How do I change it
Hoping to find the Savior
I lost my way

I become the distance
I am the sober and irrelevant
I don't feel but in this
What is there to believe?

Is this how it feels to reach black bottom
Want to know how it feels to be forgotten
Hoping to find the Savior
I've lost my way

I become the distance
I am the sober and irrelevant
I don't feel but in this
What is there to believe?
