"Superhero Of The Computer Age"

Visit "[Superhero Of The Computer Age](#)" on MotoLyrics.com

I am the past and future
I've been chosen
You think it's over
But I'm ready to go

Yeah, I am what you fear
[Incomprehensible] I have been chosen
The world as you know it just died
It's the end of all time

I am a surprise
Even to myself I'm a genius
Superhero of the computer age
In plastic I'll bury

I am what you fear
I've been chosen
The world as you know it just died
It's the end of all time

Everything you say is denied
I'll be the devil on this ride

Dark clouds in your heaven
Your end has only begun
You can scream but there's no rescue, I promise
I'll make sure that you die in time

I am the maggot
In your infected life
No matter how hard you try
I'll leave without a scar

I am a legend
In your infotainment life
It's when I say it's over
It's you who's been chosen

Everything you say is a lie
I'll be the devil on this ride

Dark clouds in your heaven

Your end has only begun
You can scream but there's no rescue, I promise
I'll make sure that you die in time

Everything you say is denied
I'll be the devil on this ride

You can scream but there's no rescue, I promise
I'll make sure that your dark clouds in your heaven
Your end has only begun

You can scream but there's no rescue, I promise
I'll make sure that you're dead
