Reaching depths of clarity
I'm not supposed to be like this
I should be on the top of the world
Is anybody out there like me?

I followed, something's missing
Self control, forcing me down
Whispers consume the air
Above her, I'm endless

When the rain comes falling
I'll freeze, I'm so afraid
When the things start to flood me
I'll drown in seconds

Fear, there's a way out
(A way)
Touch of red
Break away
Nothing has it all
Bury the place I've been
I fear, there's a way out
(Out)

As if I ever had a choice
All in the hands of the energy
Once again I feel the quicksand
Swallow me, tonight I won't struggle

Fear, there's a way out
(A way)
Touch of red
Break away
Nothing has it all
Bury the place I've been
I fear, there's a way out
(Out)

The weak in me should know
I'm as sober as I could be

Fear, there's a way out

(A way)
Touch of red
Break away
Nothing has it all
Bury the place I've been
I fear, there's a way out
(Out)
