Expectations that I built up  
Now finally come to light  
So naive because I never thought  
So many could lose sight  
I reached out to grab a hold  
But you passed me by  
Was it worth a try?  
I just tried to laugh it off  
But it's not that cheap to me  
I just wish you'd see  
I know the past

Is set in stone  
So I live for what's ahead  
My intentions never missed a beat  
On the path I lead  
Not concerned with others faults I can't fix  
It's hard enough to keep yourself in check  
I put my hopes in the ones I trust  
There's too many on my side to just let go
