When we touch..  
I feel something happen  
When we breathe..  
All the world is undone

Stay with me..  
As my heart surrenders  
Comfort me..  
As I fall I cry..

ohh.. ohh

When we sleep..  
Darkness brings us release  
All you need..  
You can find it in me

Stay with me..

As my heart surrenders  
Comfort me..  
As I fall I cry

[Chorus x5]  
Standin' in the rain  
Twisted and insane  
We, are, holdin' onto nothing

Feelin' every breath  
Holdin' no regrets  
We're, still, lookin' out for something
