Eyes amidst the darkness
Incandescent like fire
Wicked souls assembled
Around the ethereal pyre

She lingers in the night
A tranquil look on her face
An aura of mystique
Enshrouds the place

Frozen with disquite
The voices evaporate
Sun lost sight
Fire causes hate

Tortured for sorcery
Accused by malicious eyes
Her body smolders into ashes
Her essence ascends
Surrealistic dreams
Darken her life
Angels of the underworld
Cause witchery to thrive

Sinister screams
Fracture the gloom
Fiery tongues lick her flesh
Clouds whisper across the moon

Seduced by obscurity
Damnation to death
Trapped in the inferno
She draws in her final breath

Frozen with disquite
The voices evaporate
Sun lost sight
Fire causes hate

Tortured for sorcery
Accused by malicious eyes

Her body smolders into ashes
Her essence ascends
Surrealistic dreams
Darken her life
Angels of the underworld
Cause witchery to thrive
