I'm afraid of the darkness around me
Feel the pain in the depth of my soul
Lose my mind in hopeless illusions
Live my life without taking control

I'm dying slowly inside you
My heartbeat screams out your name
Cruel sayings are hurting my senses
This torture is only your blame

I'm your slave in the jail of sadness
I want out but i can't run away
You keep my tears fettered in you longing
I try to leave but you force me to stay

I feel the redemption comes nearer
There's only one way out of this game
Thoughts of losing you make me desperate
Without you love will never be the same
