Come and play a game with me
It is warfare strategy
On the battlefield tonight
Kings and queens, side by side

See the armies stand in line
If you lose, you are mine
Face to face, black and white
Screaming loud for regicide!

Pawn by pawn - see them fall
Queen of blood - takes them all
Kiss the knight - chop his head
All the rooks - tumbling dead

Smell of honey, smell of rose
Now your queen is coming close
But tonight she is mine
Break her heart, break her spine

All I want is your crown
When your kingdom's coming down
Face to face, black and white
Screaming loud for regicide!

Pawn by pawn - see them fall
Queen of blood - takes them all
Kiss the knight - chop his head
All the rooks - tumbling dead

Queen meets king - that's the end
See the dagger - in her hand
With a smile - seals your fate
End of game - check mate!
