I love you to death  
My hands around your throat  
How long can you hold your breath  
And you'd better savor it  
Cause this is the last chance you will ever get  
I will see to this  
This is the last breath you will ever get  
So I'll tell you how the story ends  
One more time  
I walk out of this alive  
Return to the 9 to 5  
And I cover the rest with lies  
The look on your face was priceless  
When you entered that room  
And caught me with your bff

Doing things you dreamt I'd do to you  
The only thing I wanna do to you  
Is make your life a living hell  
For wasting so much of my damn time  
A noose  
Laced around your throat  
Like the pearl necklace  
That I gave to her  
There's a noose laced around your throat  
Now listen  
This is not a fairytale  
We're all going straight to hell
